Kath,

Hope & Gene called this morning. They had been talking about the 6 expensive donated paintings that were given to 3ABN by Dr. Russell that have hung on Leonard's walls for 6 years now. (They saw them even in the new million dollar mansion).

The IRS needs to know about these. How would you like to be a donor who donated such valuables only so they could grace Leonard's home for all these years?

Get back when you can.

Trent
