### **BlackSDA \_ 3ABN \_ Privacy Policy For 3abn Threads**

---

**Posted by: calvin Mar 7 2007, 08:52 AM**

Our privacy rule here has been for members posting other members private information. I am expanding this policy to include all the players in this continuing saga, no matter how larger or small a player they are. Please don't post personal phone numbers and addresses of anyone involved with 3ABN, even if it appears elsewhere on the net. I am sure neither the Dannynites nor Lindanites would want to see Danny's or Linda's private phone numbers post here.

Thank you  
Calvin
