BlackSDA _ 3ABN _ Leave Danny Alone

Posted by: motivator Oct 18 2006, 06:50 PM

I've been reading the materials on this website concerning the 3ABN situation and all I've got to say about this is that this is a gossip column and God is not glorified. It seems to me that there are those who want to see Danny go down and rather than leave the situation alone, fuel is continually being put on the fire concerning this situation.

Now I'm not saying that Danny Shelton is innocent neither am I saying that Linda Shelton is guilty, but its been two years and we need to stop this because God is not glorified. Yes, we need to call sin by its right name, but this is getting ridiculous! I read the note where Linda Shelton's "daughter" wrote a letter stating that Danny was touching her inappropriately. Come on give me a break!!! It seems to me that people want to see this man go down by any means necessary. God is holding this website accountable for all of this and we better make sure that God is ordaining this to happen.

Leave Danny alone!

I believe Danny's step-daughter! She has no reason to lie.

God, will hold those accountable that know about the wrong doings at 3ABN and don't come forward!

I agree with you, but this has gone too far on this website and we need to discuss on better things. It seems to me that people don't have nothing better to do and the bottom of this is that this is gossip and we all know it!!!!

you think its gossip.... others don't.... this is a discussion board... we discuss things.... as far as what people do, let them and God work it out....

For those who disagree answer the question, what is the payoff in continuing to dwell upon this? What pleasure are we getting from reading all of this dirt? This is gossip, no way around it and God is not pleased. Matthew 7:12.

How is that going to help the situation? Can we really believe this person. This is gossip and the truth is that a lot of people who are on this discussion board on this issue really get pleasure out of this drama. We love drama and once this dies away, we will look for another stimulus to feed our gossiping appetites.

Hmmm..... interesting use of "we" here  but most likely covered under dictionary definitions number 5 or 6.....

"5. Also called the royal we. (used by a sovereign, or by other high officials and dignitaries, in place of I in formal speech): We do not wear this crown without humility."
"6. Also called the editorial we. (used by editors, writers, etc., to avoid the too personal or specific I or to represent a collective viewpoint): As for this column, we will have nothing to do with shady politicians".

To answer your some of your questions:

1. How this helps the situation is to educate those who do not have first hand knowledge of what goes on at 3ABN, with the full knowledge of Danny Shelton, which will bring disgrace upon both the SDA church and God; since Danny now claims to be a supporting ministry of the SDA church and "God's anointed head of 3ABN" (3ABN's words, not mine).
2. If the person you are referring to in regard to their credibility is Allysa, then the answer is yes we

can believe her testimony of her experiences with Danny Shelton. First she has no reason to lie and nothing to gain from the humiliation that a victim feels when addressing the unwanted "attentions" that are forced upon them.

3. Gossip? Not from where I and a number of others stand. It is testimony. An attempt to warn and educate the members in the pews.

4. As to the motivation of the readers on this forum, personally I do not have the ability to determine why they choose to read about 3ABN. Perhaps they are just looking for the truth...

What has happened to those people who were promising a speedy solution to the 3abn thing? Has the whole thing turned out to be a farce? Where is Johan and his friends? Has Danny eliminated them? I'm feeling slightly abused hee now!

It has been my experience tht people who offend in some way, shape, or form ALWAYS count on the passage of time. Then they, t heir supporters, and even those who agree that they are wrong will say for example, 'That was two years ago'. trying to make the eprson trying to hold them accountable seem silly and petty. What they are really saying is, " I got away with it two years ago, and you all need to get over it".

The other things "christians" who offend count on is out reluctance to call sin by it's name, and hold the person accountable until the right thing is done. First of all, the longer t heir deeds remain in darkness they escalate and fester. It odesn't even help if we "elude" to it, if it they are not directly confronted, they will continue.

So you asked what good is coming form this? What is the payoff? If nothing else Danny knows that somebody is aware of his offenses, and they are laid out before him. He cannt say that he was unaware of his actions. It is here in black and white for him to see.

Now, my suggestion to you is that you probably avail yourself to the other forums here are BSDA. They all existed long before 3ABN, and there is not one negative word about Danny in any of them.

Howdy Howdy!

I really don't recall anyone promising a "speedy solution" to this horrible mess, but I can tell you there is a solution in the works....there is nothing about this that is a farce, and Johann and all are still very much around, but also very busy with many things....Dan eliminating them?? Well, yes, I would say that is exactly what he is trying to do, in his usual ways, only more desperately.... but it will not work anymore. Please don't feel abused, but do please pray for all involved. This is truly a mess, and it will not go away easily, but it is being dealt with as we speak. Hold tight!

Motivator, I am wondering why you are following this subject with such zeal. You have to want to know all about it or you would not be writing about it. Are you for real---or for whom do you speak? You have a mouse that could carry you elsewhere---right? Let God do the judging.

Have been travelling. Not able to connect to the Internet all the time. It may seem like a lull at the moment, but thank God, there are more and more people at work, preparing a cleansing of the vehicles the Lord is using to proclaim a warning message to the world before it is too late. Thank you for your support by your prayers.

Who made you God to read my heart?

Motivator,

Welcome to BSDA. This place will cause you to think and use your mind. The frequent mention of "God" in your posts leads one to think you know Him personally, however, God has told us the in Isaiah that jealousy is a one very common sin. Isaiah also says that one get very jealous when see in another the vary sin he is covering up in himself. He sees his own sin the lives of others.

In light of this, one has to wonder why you harp on the issue of someone "playing God" when attaching motives to one's posts. You have pointed out that we should not "play God" by trying to read other people's minds/hearts.

Re read your posts one after another. That is exactly what you have been doing in your posts. You accuse others of "Playing God" and "Reading your heart". Yet you scold others for "enjoying the gossip"! Is that your way of "Playing God"? Has God given you the gift of "mind-reading", a power that ONLY GOD HAS?

That gift, the "gift" you have assumed upon yourself, comes from another source, one that rebelled against God thousands of years ago.

If you are dysfunctional here, it will become evident quickly. There are people here who can reason from cause to effect, without emotional involvement.

The fact remains, Danny, hisself claimed to have the power of discernment when he attached his own imaginings to the co-founder of 3ABN. He became jealous of her acceptance and talent and had to eliminate her through "manufactured stories and paid witnesses". Danny tries to destroy whatever he cannot control. Beware, you may be on his list, and not even know it, yet.

Just me has said, "The fact remains, Danny, hisself claimed to have the power of discernment when he attached his own imaginings to the co-founder of 3ABN. He became jealous of her acceptance and talent and had to eliminate her through "manufactured stories and paid witnesses". Danny tries to destroy whatever he cannot control. and not even know it, yet."
[/quote]

Danny is destroying himself and 3ABN---maybe not in the totality of taking 3ABN off the air or removing 3ABN from off the face of TV. But just this weekend I was looking at some old tapes that I had made for distribution to friends who are unable or do not want to go to church each week. And I was made really sad when I was reminded of what 3ABN used to be and what it is today.

In past years I have watched 3ABN with great admiration and I felt that through them God was speaking to me when I could not attend the meetings or go to church. There were so many good programs that spoke of the love of God and the soon coming earth made new. Even though I now know of the deceit that was in the souls of many of the people speaking on 3ABN I still felt that it was a satellite placed in the heavens to tell others about the love of God for us poor sinful mortals on this earth.

Now I see the Founder (?) stealing the rights of his Cofounder and claiming that God speaks to him thus directing the things that the world sees on 3ABN. More and more the world is seeing him for what he is and more and more the world of what we see on 3ABN is floundering and becoming downright discouraging. Defensiveness and backbiting is seen spoken by the same people that I used to think were speaking for God. People who were admired, at least by me, are turned off because I know that the things that they may be saying are not really coming from honest Christian hearts. These people speak well and think wrong. I know that some good people are still seen on 3ABN but if any of you can just watch a tape from 4 years ago and then watch a day of live 3ABN today, you would see the difference. Probably 3ABN will survive and probably Dan Shelton will survive somewhere and someplace with his new family---but God knows the difference and he will judge Danny and Brandy as he sees them and records their hearts and actions in the books of heaven. He knows why they did what they did when they eliminated Linda for their own purposes. I expect 3ABN to survive but I also know that those who have lied, stolen reputations and money and think that they will make it right someday should not wait too long to make their sins right with God. After rewatching the recorded videos of a few years ago, it makes me really sick when I think of what 3ABN has become today. We need to pray for all the good people who may still be at 3ABN but we also need to pray for the revival of what 3ABN was really meant to be. Linda should still be there encouraging the viewers every morning---she made 3ABN what it used to be. Somebody, if not Linda, needs to restore it to what it was. God must be very sad.
