BlackSDA _ 3ABN _ Mr. Shelton's Letter To Bsda Revisited....

Posted by: Clay Jul 15 2006, 07:55 AM

QUOTE

Hi, my name is Danny Shelton and I work for 3ABN. It's not a credit your Black SDA that it appears to be nothing more than a tabloid gossip page.

Not one of the people that I could see commenting have even attempted to contact me, that I know of, about all the things they are judging me of.

You do have some people in the "know" that you could find out some info from if it means that much to you. Pastor John Lomacang has spent many hours counseling with Linda and me and even made some recommendations to the board about our situation which the 3ABN board took very seriously.

As of late Pastor Mark Finley has counseled with both Linda and Me. He agrees with the decision the board has taken on this issue and so does Pastor John. Several others have also counseled us and all agree with the board's action.

Paula and Curtis have indeed been back to do more programming without me or Linda. Their program stands on it's own.

No one has been hurt like Linda and me have been through this whole situation. We still love each other and spend considerable time together.

This situation at 3ABN cannot be judged by onlookers as though you have the truth. Much of this is so personal you will probably never know what has really happened.

We encourage people not to take sides, except to support the work of God on this earth.

If 3ABN is of God it will continue to bring about good fruit.

If it is of Satan it will bring about bad fruit. You be the judge.

Please continue to pray for both Linda and me as we both want 3ABN to succeed in taking the gospel to the world.

Thanks for listening

Based on what we now know, our initial misgivings were correct.

The statement that they were being counseled by John L. was A LIE...

The statement that they were counseled by Mark Finley was A LIE....

The statements about the recommendations made by the board based on the "counseling" were A LIE....

The statement about spending lots of time together was A LIE.....

The statement that they still loved each other was A LIE....

The statement about encouraging people not to take sides was A LIE.....

Lying lips are an abomination to the Lord....

Every time I read this, or any other letter that is put out by someone there, it works the same way. I read between the lines and realize that someones "truth" is really a lie. Or, there is an ounce of truth and the rest lies, constued in a fashion to create a reality for the person who is reading it...(I think this is not only a lie, but minipulation of vulnerable and desiring minds). For example, where he says, "...We still love each other and spend considerable time together ", if you want to count the numerous phone calls and emails Danny made and sent to Linda since he booted her, yes, I guess you COULD SAY "spend a considerable time together". Of course, it's really all in how you look at it - but you can only twist things so much before it will finally snap, break, become another lie.  I think he's crystal clear now.

What you do in de dark will come out in de light.... and he ain't gonna be lookin' so pretty for too long....

I'm waiting for all the mess to hit the fan like pow! *(Lawsuit/defamation of character....)

Hmmmm.....oh, hi, Clay, long time no post here, but I had to jump in quick, and make a quick post.....Everything was a LIE, and when I see that, I think of how I heard he tells others

Linda is a pathological liar.....hmmmmmm, I wonder, really wonder, who he is really talking about.....does anyone know? Just wondering.....I once heard that if you are accusing someone of something all the time, your really the guilty one?

☒ Well since there was some projections going on, I wonder if the cheating was also a projection.

☒ ☐ Hence the quick remarriage ... ☒

Read "The Unauthorized History of 3ABN" -- all 10 chapters. You'll find lots more things to "wonder" about. But this one will likely be answered.

Or the letter from the Dr.....I don't think there is one person who really knows who thinks he met Brandi after divorcing Linda.

I aim just really concerned about Danny being distressed this long about no BSDA members talking to him.....NOT! LOL!!! I can't even believe he said that with his tired self!

Ok sorry, I was having Sista' Gurl moment. Now back to our regularly schduled program.....

For years, those of us close to Danny have said that if you want to know what he is up to, but won't say, just listen to what he is accusing other people of. Over the past couple of years I've heard him get rather enthusiastic in accusations of lying, cheating, spiritual adultery (Hmmm), adultery, absconding with company assets, misuse of company time, sexual molestation, etc...

Many therapist would conclude that if this much is "projected" then there is a strong chance that he is up in the melee somewhere with this.

If he ain't doing it all (he sure would be busy....) he sure is doing some of it....

 Except your smilie is holding the off topic sign! When I posted the angry smiley, it was because I was annoyed with Danny feeding us lies AS IF WE ARE STUPID SHEEP...I was just too lazy at the time to type what I was feeling...
