BlackSDA _ 3ABN _ Reason For Divorce

Posted by: summertime May 29 2007, 05:01 PM

After hearing about the statements made by speakers from 3ABN about the talking by husband or wife on telephone or mail (to a member of the opposite sex) being grounds for divorce, I have been thinking about how this would read in the church manual. How many husbands or wives in the church would be running for the divorce courts in order to look for a new, younger mate. I know of a few myself right here in Missouri. Pretty soon stories might start coming out of our churches reminiscent of 'The Young and the Restless'. How many vital young men have not looked at a comely woman and wondered about the prospects of being married to the pretty young thing.!!! WHen he gets into his 50's then it really becomes ridiculous.
