The topic tonight is about marriage and is hosted by Mollie and Hal. I guess DS wouldn't be qualified for this interview

oh my

PT are you watching? Is this really LIVE? Can you tell?
The program I thought was scheduled to be on was James and Rise Rafferty about masculinity/femininity?? Is this that???
Those were the people that were to come talk....guess only the second hour...and it seems live if they are taking questions...and yes, where is the big DAN??

Hopefully ds is watching it from somewhere and learning a thing or two...(or three, or four)

and, listening...there is NO WAY ds could have done this one. I heard it may be a distorted program - not sure that's because of who is "guiding" the talking...

The Borg....

CA Murray is the Producer of the program and he is there. If Dan is not on the set, he is not in the building.
