BlackSDA _ 3ABN _ Danny Shelton Interview on Club Adventist

Posted by: lurker Nov 17 2004, 08:58 AM

If anyone is still interested, Danny is going to be open to questions on November 26th on Club Adventist. I sure would like to see the stain erased from 3ABN's reputation even if it means somebody saying "I **could have** been wrong." We all have to do this sometimes. And if somebody isn't willing to share the proof, I wish this person would quit making accusations.

Well, lurker, did you get your wish fulfilled?

Stain still there. Accusations still being made against Linda (by you know who). Still no proof. Should have used a better wishbone. I'd say no. I didn't.
