I have been MIA from BSDA for a while. I would like to know what is being DONE, what ACTIONS are being taken to help solve this problme. It It is going on 3 years now. what is BSDA ,MSDAOL, going to DO. could someone please update me on the follow.

1. Have we E-mailed out packs to chruches? It's free you know.
2. Have we Assembled all 1st hand statments. in to 1 place for distributation?
3. Have we raised any money to help linda fund her lawsuit.
4. Encourage others to donate money somewhere else.
5. An Action plan.
6. Any thing else we might come up with.

are we just talking about the probem or are we going to DO something? Talk is worthless.

When it comes time to act on our convictions are we going to back off.

Some things that are being done:

1. As of this morning, nearly 175,000 people have visited [www.save3abn.com](http://www.save3abn.com). There are numerous first hand statements listed there.

2. If you have read the email dialogue with NCC president and AF Board Chairman Jim Pedersen, that Noahswife posted in the "News Release from Amazing Facts..." thread <http://www.blacksda.com/forums/index.php?s=&showtopic=13535&view=findpost&p=196668> you will see that he has been advised.

3. A fund has been set up to gather donations to support the legal defense of Bob Pickle and Gailon Joy in the lawsuit filed against them by Danny Shelton.

Can you share with us what you have been doing in the way of action?

Welcome back to BSDA icedragon.

First let me remind you that this forum on BSDA was never intended to be an "Action Group". This is a place for sharing information and keeping it available for those unfamiliar with the information stored here to come and read, think, and learn.

What actions have been taken have been taken by individuals. Some of which appear here.... and more of which have been undertaken privately.

As to a website where information is available, including some primary documents, see <http://www.save3abn.com/>.

Other than that, you will learn the most by the same way you learned what was here to learn when you were here before... a patient perusal of all that has been posted since you left.

That will be no easy task, since there has been so much added in the time you were away. And the additions continue ... at a rate that makes it a non-trivial task just to keep up. But if you want a real look at what has been said.... including reports of what has been done.... then there are no shortcuts. Go back to the very earliest page of the menu which has threads preceded by the "go to last unread" icon... and start reading. When you have finished, you will have answers to most of your questions above, and will most likely have accumulated a lot more questions... most of which will be answered as you continue to work your way up to the present.

When you are all caught up, come back and ask the questions that remain.... and give us your comments on what you have read.

The defense fund for Bob Pickle is something where we can all make a difference.

Whether you can contribute \$5.00 or \$5,000.00, every little bit helps.  
Here it is: <http://www.pickle-publishing.com/defensefund.htm>

Pickle, if you will create a 468x60 banner ad I will put it on the main BSDA index page with a link to your paypal account when clicked. I plan to install a rotating banner ad program this weekend. BTW, this service will be available to any active member with a service or business you would like to advertise on BSDA, free of charge. You must have 50 post to be considered an active member.
