**Synopsis/Annotation:** The powers of an unseen world are promoting an agenda to vanquish God's authority, and veil Bible truths about end-time events. What part do the Ten Commandments play in the antichrist agenda? Why is the spotlight suddenly spinning back to the Decalogue? As we approach the closing trials of earth's history, the Ten Commandments loom large on the horizon of the immediate future. This compelling 200-page book will move you beyond prophetic theory and popular fiction ? back to the Bible, where all answers are provided. The authors present a careful study and faithful interpretation of prophecy that agrees with the early Christian Church fathers. Drawing on the Bible only, they identify the antichrist power and the agenda that has succeeded in pointing the finger of prophecy away from the real mark of the beast. So, too, is the truth of Christ's Second Coming unveiled from Scripture. This book will help every Christian experience the inner peace of Christ ? in assurance of His truth ? as they face the forces of evil in earth's final battle. The Antichrist Agenda ?

Ten Commandments Twice Removed is a dynamic reference resource for your personal library, a valuable tool for group studies, and the perfect giveaway for outreach projects. In fact, because we want this message to blanket the earth like the ?leaves of autumn,? the book is specially priced for sharing.
