**CIVIL ACTION
NO. 07-40098-FDS**

**ORDER
July 27, 2007**

HILLMAN, M.J.

By electronic order of reference dated July 23, 2007, this matter was referred to me by Saylor, J. for a hearing and order on electronic discovery requirements.

The parties represent pursuant to their responsibilities under Federal Rules of Civil Procedures 16(b)(5), that they have been discussing a protocol for the disclosure or discovery of electronically stored information, and that there is disagreement on the format under which such information will be disseminated. Accordingly, the parties are ordered to instruct the respective information technology experts to have direct communication in an effort to resolve this and any other issue that may exist with respect to the discovery and dissemination of electronically stored information. Failing agreement, this Court will hold a hearing on August 9, 2007, at 2:00 p.m., in Courtroom 1, 5th Floor, John Donohue Federal Building, United States Courthouse, 595 Main Street,

Worcester, Massachusetts, in order to determine the proper format for the exchange of electronically stored information.
